

Leaflet

RG Stone is the largest urology & laparoscopy hospital in India. With over 15 centres spread throughout the country, RG Stone has amalgamated advanced equipment and latest technologies with a proficient team of specialized professionals to bring forth the highest qualitative standards of urological healthcare.

With over 1,50,000 successful procedures, of which 10,000 are laser prostatectomies alone, we have gained sufficient experience to count ourselves as veterans in urology & laparoscopy. This exhilarating success rate has been made possible only by intensive care and advanced approach in our treatment of patients, subsequently spawning an overwhelming amount of trust and goodwill.

Our success has not gone unnoticed by the frontrunners in several business avenues. We have been approached and empanelled by several MNCs, public sector undertakings, insurance companies and government ministries for the treatment of their employees and dependants.

We believe that specialization is medical science's best weapon to combat disease and affliction. Keeping this in mind, we have performed extensive research and gained critical insights into diseases related to kidney, gall bladder and prostate. To ensure that this treatment is within the reach of every strata of society, we have introduced a plethora of schemes and activities for the benefit of the community.

RG Stone's Senior Citizen Wellness Programme

We at RG Stone believe that old age is god's reward to man for his toil when he was younger. Therefore, it is our endeavour to ensure that our elders are allowed to age gracefully, without the complication of disease marring what should otherwise be a peaceful and carefree existence. For this reason, we have compiled a health wellness programme directed towards senior citizens of our society. The key factors in this wellness programme are consultation and a wide gamut of diagnostic tests, driven towards a complete health assessment. Knowledge is power, and knowing about the diseases one has, or may have, empowers him/her to make amends.
